

University of Houston Joins DOE's New Energy Innovation Hub to Advance Battery Technology Energy Storage Research Alliance Aims to Help the U.S. Achieve Clean and Secure Energy Future and Become Dominant in ...

The establishment of the China New Energy Storage Industry Innovation Alliance is a powerful alliance of key enterprises and scientific research institutions in the industry, as well as the overall synergy of the ...

The US Department of Energy (DoE) has announced \$125 million in funding for two Energy Innovation Hub teams to provide the scientific foundation needed to seed and accelerate next generation storage ...

The conference is guided by the Development and Reform Commission of Guangdong Province and the China Energy Research Association, hosted by the Zhongguancun Energy Storage ...

This forum was hosted by the China Energy Research Society, China Energy Storage Alliance, New Energy Storage Innovation Consortium of Centra SOEs, Inner Mongolia Energy Storage Promotion Association, and ...

With this, all awards of the 9th International Energy Storage Innovation Competition (ESIC) have been announced. We extend our warmest congratulations to all the ...

On August 8, the China New Energy Storage Industry Innovation Alliance was established in Beijing. The innovation alliance was initiated by China Energy Engineering Group Co., Ltd. (CEEG), CATL and Trina Solar Co., Ltd.

We have also taken the lead in forming alliances like the "three new" alliance, the new energy storage industry innovation alliance, the new energy industry alliance, and the ...

Credit: Marilyn Sargent/Berkeley Lab The Energy Storage Research Alliance will focus on advancing battery technology to help the U.S. achieve a clean and secure energy ...

International Energy Storage Alliance Research and development on energy storage in all countries would likely be strengthened by greater international organization and collaboration. In addition, through emphasizing the relative ...

On August 19, 2025, the 10th Western China Energy Storage Forum grandly opened in Hohhot, Inner Mongolia. This forum was hosted by the China Energy Research Society, China Energy ...

The establishment of the National Innovative Energy Storage Center in Baiyun, Guangzhou, was recently approved, making it the only national manufacturing innovation center in the field of ...

On July 30, the Central Enterprise New Energy Storage Innovation Consortium was established in Beijing. The consortium is a national-level new energy storage innovation ...

Industry body the India Energy Storage Alliance (IESA) projects the nation's battery and mobility startup ecosystem will attract more than \$500 million in investment within a year.

The U.S. Department of Energy announced the creation of two new Energy Innovation Hubs led by DOE national laboratories across the country. One of the national hubs, the Energy Storage Research Alliance (ESRA), is ...

The India Energy Storage Alliance (IESA) projects a fivefold growth in the sector between 2026 and 2032, with investments expected to reach INR4.79 lakh crore by 2032. This ...
