

# Expected ROI of containerized BESS project in Greece 2025

Will RAAEY support Bess in Greece?

The first such tender for award of CAPEX and OPEX support to BESS organized by RAAEY, is a critical step for the deployment of the first utility scale BESS in Greece. 95 offers in total have been received amounting to approximately 3.3 GW, which contest the 400 MW quota of this first phase.

When will Greece launch a second call for tenders?

Greece is expected to launch a second call for tenders in September, this time for 300 MW of BESS capacity. (EUR 1.0 = USD 1.102) Choose your newsletter by Renewables Now.

How many MW of Bess will be awarded?

In total 1000 MW of BESS will receive the support mechanism and the plan is to be awarded with two more phases culminating December 2023. CAPEX of the BESS plant is of the greatest importance regarding the commercial assessment of the investment.

What is a Bess augmentation strategy?

The BESS augmentation strategy can thus play a significant role, especially when the BESS is examined in a competitive environment such as the electricity markets. As soon as a BESS system is completed, it will participate in the DAM and IDM Markets run by HEnEx and BEM Market run by IPTO.

How much does a Bess plant cost?

CAPEX of the BESS plant is of the greatest importance regarding the commercial assessment of the investment. With BESS system prices being high today (with costs for Lithium-Ion BESS ranging from 550.000 EUR/MW to 650.000 EUR/MW for the future.

How much does a Bess system cost?

With BESS system prices being high today (with costs for Lithium-Ion BESS ranging from 550.000 EUR/MW to 650.000 EUR/MW for the future. The augmentation or repower plan strategy to be followed by the investor will greatly influence the commercial assessment both in terms of costs and revenues.

As the renewable energy sector rapidly evolves, battery energy storage systems (BESS) are emerging as a critical pillar for decarbonization. However, with capital constraints and rising market volatility, not all projects ...

Go-ahead given for Hinckley BESS and Maldon BESS online In related news, in England, Balance Power has secured planning approval from the UK government for its planned 49.5 MW/99 MWh Hinckley BESS project in ...

## Expected ROI of containerized BESS project in Greece 2025

Phase one alone is expected to deliver annual consumer savings of €29-€32 million while continuing to decarbonise the power system. A pivotal year ahead for BESS The Labour Government's ambition to accelerate ...
