

# LFP battery system supplier quotation in Vietnam 2026

Can LFP batteries be produced in Vietnam?

For VinFast, exploring the local production of LFP batteries in Vietnam is part of the car maker's efforts to establish a clean energy ecosystem and localize parts supply.

Could Giga Factory be the first LFP battery production plant in Vietnam?

They focus on the procurement of Gotion LFP batteries and discussion of the possibility to establish a Giga Factory - the first-ever LFP battery cell production plant in Vietnam. LFP battery is currently the most mainstream battery technology in the global new energy vehicle market, with unique advantages of high safety and long life.

What's going on with VinFast & gotion LFP batteries?

VinFast LLC and Gotion High-Tech Co.,Ltd (China) - a reputable name in the global clean energy sector - signed an MoU, focusing on the procurement of Gotion LFP batteries and discussion of the possibility to establish a Giga Factory - the first-ever LFP battery cell production facility in Vietnam.

What is LFP battery?

LFP battery is currently the most mainstream battery technology in the global new energy vehicle market, with unique advantages of high safety and long life. It is worth noting that LFP batteries can be produced without using expensive and rare materials such as cobalt and manganese that are harmful to workers and the environment.

Why are LFP batteries so popular?

LFP batteries can be produced without using expensive and rare materials such as cobalt and manganese that are harmful to workers and the environment. The price of LFP batteries is competitive, which reduces the production cost of electric vehicles, especially small and medium-sized vehicles.

Is a battery energy storage system coming to Vietnam?

In September, solar and storage EPC and O&M provider Borrego selected Gotion High-Tech as a supplier of DC-block battery storage equipment for projects in the US, with deliveries scheduled to begin next year. Meanwhile, in Vietnam, the market for battery energy storage systems (BESS) has yet to take off.
