

# Portable ESS system supplier quotation in Spain 2025

Why did BW ESS move to Spain?

For BW ESS, a firm with a growing global portfolio across the UK, Australia, and other parts of Europe, the move into Spain is a calculated one. "We have a common objective to improve Spain's grid resilience and support the market's ambitious energy storage growth targets," said Isaac Garcia Moreno, Executive Director of BW ESS.

Why is BW ESS partnering with Ibersun?

Isaac Garcia Moreno, Executive Director of BW ESS, said: "We are proud to be developing our first projects in Spain with Ibersun, a trusted partner with over 25 years of market experience. We have a common objective to improve Spain's grid resilience and support the market's ambitious energy storage growth targets."

Why should Spain invest in a BESS fleet?

In addition to stabilising the energy grid, the expansion of Spain's BESS fleet will also prevent energy from being wasted, when supply exceeds demand. The joint venture, targeting greenfield, four-hour duration assets, will progress an initial 2.2 GW pipeline of eight projects across Spain.

How much power does BW ESS have?

The company says it has more than 500 MWh of operating BESS projects, with over 2.5 GWh under construction and a development pipeline of about 9.5 GW. Would you like to meet the BW ESS team? Join the Battery Business & Development Forum in Frankfurt on July 16, organized in partnership between Conexio, Solar Power Europe and pv magazine.
