

Qualification requirements for energy storage epc projects

What are the current requirements for an EPC Certificate?

What are the current requirements? Non-exempt properties must have a valid EPC certificate to be let or sold, currently EPC certificates are valid for 10 years though they should be updated if significant structural changes are made. For commercial buildings there are also requirements over displaying your EPC.

What are specific needs for an EPC?

Specific needs for an EPC can include returning items, forwarding or returning substitute checks (IRDs), or triggering identification and image interchange for the check document. ANSI X9.100-160-2-2020 establishes EPC assignments and management.

What is the EPC process?
