

What is Rongke Power?

Welcome to Rongke Power (RKP), where cutting-edge technology meets sustainable energy solutions. Our innovative vanadium flow batteries (VFBs) are designed to provide reliable, long-lasting energy storage for a greener tomorrow. Accelerating global progress towards net-zero targets with advanced vanadium flow battery (VFB) energy storage solutions.

What is Rongke Power doing in China?

Data Protection Policy Dalian-headquartered Rongke Power has completed the construction of the 175 MW/700 MWh vanadium flow battery project in China, growing its global fleet of utility-scale projects to more than 2 GWh.

What is Rongke's redox flow project?

Previously, Rongke built the 100 MW/400 MWh Dalian system, which at the time of its commissioning in 2022 was the world's largest vanadium redox flow project. This facility represents the first phase of the project which is eventually expected to double in size and have a power output of 200 MW and storage capacity of 800 MWh.

On May 13th, the signing ceremony of the share acquisition between Shanghai Torch Electron Technology Group ("Torch Group") and Anhui Rongke Zhikong Technology Co. ...

???? / About RKP ??????????????(?:????)????????????????????,???2008?,?????????? ...

Guangdong Rongke Technology Co., Ltd is a national high-tech enterprise integrating R& D, production, sales and service of new energy battery pack products such as lithium battery, ...

On December 5, 2024, Rongke Power (RKP) completed the installation of the world's largest vanadium flow battery . With a capacity of 175 MW and 700 MWh, this innovative energy ...

Dalian-headquartered Rongke Power has completed the construction of the 175 MW/700 MWh vanadium flow battery project in China, growing its global fleet of utility-scale ...

Rongke Power (RKP), a global leader in vanadium flow battery (VFB) energy storage solutions, is pleased to announce the commissioning of a 1 megawatt-hour Iron-Vanadium (Fe/V) redox ...

July 26, 2025- Rongke Power, a global leader in vanadium flow battery energy storage solutions, has successfully completed grid connection and commissioning of the Hami SDIC ESS, a ...

The 100 MW Dalian Flow Battery Energy Storage Peak-shaving Power Station, with the largest power and

capacity in the world so far, was connected to the grid in Dalian, ...

Rongke Energy Storage Launches RMB 520 Million Vanadium Flow Battery Production Line in Dalian Dalian, China - On February 24, Dalian Rongke New Energy Storage Technology ...

Chinese vanadium flow battery (VFB) maker Rongke Power (RKP) has commissioned a 100-MW/400-MWh VFB energy storage system in northwest China, marking ...

Rongke Energy Storage is a world-leading all-vanadium liquid flow battery energy storage system service provider. It has put into operation many projects in the fields of grid ...

Aramco has developed a flow battery for solar storage in collaboration with Rongke Power - Credit: Rongke Power Aramco's MW-scale Iron-Vanadium flow battery is ...
