

With the large-scale battery storage market in Germany on the cusp of a rapid expansion, consultancy Enervis is examining how revenues have evolved recently and what ...

Hybrid projects that combine solar, wind, and energy storage are essential to meet Germany's clean energy goals. These projects allow for consistent power supply by ...

By 2030, the volume of battery-based energy storage in Germany is expected to increase fortyfold reaching 57 GWh with a connected capacity of 15 GW. Battery storage can ...

On the German power plant strategy: We need more long-duration energy storage Statement by Jakob Bitner, Co-Founder and CEO VoltStorage On 5 July 2024, the German government ...

On 8 December 2023, the Federal Ministry for Economic Affairs and Climate Action (BMWK) presented its energy storage strategy. The strategy paper provides an ...

Germany is under increasing pressure to rapidly decarbonize its electricity system, while ensuring a secure and affordable electricity supply. In this context, energy ...

However, these resulted in a very broad range of power and energy capacity requirements for storage, making it difficult for policymakers to identify clear storage planning ...

Explore the future of energy storage at Energy Storage Germany 2026, June 9-11 in Stuttgart. Connect with industry leaders, discover innovations, and shape the future of energy solutions.

Germany is also - quite actively - developing energy storage systems related to smart grid interfacing and is in the search for materials and designs that would effectively ...

Trina Storage and Obton representatives celebrating the signing of the 35MWh Germany project deal. Image: Trina Storage Trina Storage's new 10MWh battery storage ...

New long-duration energy storage is essential for the US to integrate more renewable energy, improve grid reliability, and reduce fossil fuel usage during peak demand. ...

But hold onto your lederhosen--Germany is quietly becoming a global leader in energy storage solutions. From cutting-edge battery tech to massive pumped-hydro projects, ...
