Are Chinese tariffs affecting battery energy storage systems?

If you're in the business of battery energy storage systems (BESS), you've probably felt the squeeze of tariffs on Chinese imports. For years, China has been a go-to for affordable, high-capacity energy storage solutions, but ongoing trade policies and tariffs have made importing these systems into the U.S. more complicated -- and expensive.

Which stationary energy storage products are affected by battery tariffs?

Stationary Energy Storage Products Affected by Battery Tariffs Large-format stationary energy storage systems like Tesla's Powerwall and Megapack also face cost increases due to the latest tariffs. These products rely heavily on lithium battery cells sourced from Chinese suppliers.

How are tariffs affecting stationary energy storage systems?

Large-format stationary energy storage systems like Tesla's Powerwall and Megapack also face cost increases due to the latest tariffs. These products rely heavily on lithium battery cells sourced from Chinese suppliers. Recent policy changes have imposed duties of 54% on such cells, affecting their landed cost in the U.S. market.

Are lithium battery imports facing increased customs scrutiny?

Industry data shows that importers of lithium battery systems now face increased customs scrutiny, with classification codes determining exact rates. Many battery packs assembled in the U.S. still rely on imported cathodes, anodes, and electrolytes in the electric vehicle sector.

What responsibilities does CBP have under customs law?

Current customs law includes two key concepts: informed compliance and shared responsibility. Accordingly, the law imposes an obligation on CBP to provide the public with information concerning the trade community's responsibilities and rights under the customs and related laws.

Was commerce's auto-matic exclusion of the C&W report unlawful?

United States, 23 CIT 257 (1999), which Kaptan cites for the proposition that Commerce's "auto-matic exclusion" of the C&W report was unlawful. Pl.'s OAQ Resp. at 7-8. Kaptan quotes the following passage from that case: Commerce claims it did not disregard the expert testimony.
