

How much does Bess cost?

The cost of BESS has fallen significantly over the past decade, with more precipitous drops in recent years: This is nearly a 70% reduction in three years, owing to falling battery pack prices (now as low as \$60-70/kWh in China), increased deployment, and improved efficiency.

What is Bess in the Netherlands?

BESS in the Netherlands is a new and small but increasingly necessary industry. A striking growth in battery capacity began in 2021 when the total installed capacity rose by 65% compared to the previous year. This number doubled in 2022 and then tripled in 2023, reaching 621 MWh.

What is the grid fee burden on Bess in the Netherlands?

Chart 1 illustrates the scale of the grid fee burden on BESS in the Netherlands to date. Grid fees at this level represent roughly 25-50% of the total revenue capture of BESS assets, a substantial hurdle for building a viable investment case. So what changes are taking place to make the system friendlier for BESS assets?

How does a Bess project make money?

In wholesale markets, BESS projects can generate a revenue by extracting electricity from the grid when it is abundant, and therefore cheap, such as midday on sunny days, and selling it back to the grid during periods of high demand. The price spread is largely influenced by the electricity system.

Are capacity markets a viable option for Bess projects?

For BESS projects, capacity markets can offer guaranteed revenue streams, enhancing their bankability. Currently, capacity markets are available in the UK, France, and Italy. They are expected to be introduced in Spain and Germany. There are no current plans for a capacity market in the Netherlands.

How many submarkets are there in the Dutch wholesale market?

The Dutch wholesale market consists of three submarkets: Forward and futures market Day-ahead market (spot market) Intraday market (spot market) Ancillary services Ancillary services in the Netherlands comprise the balancing markets FCR, aFRR, and mFRR as well as the imbalance and congestion markets.
